Dear Green Team,

Congratulations on winning the Scholastic Lexus Eco Air and Climate Challenge. Your hard work has distinguished you as exemplary students and scientists. The lessons you have learned and the skills you have gained through this project will serve you well throughout your lifetime. I am assured that each of you can achieve each of your goals because of your exceptional skills and determination.

The importance of educating your community on the benefits on using algae as an eco-friendly form of fuel cannot be understated. I have had the opportunity to view your work on your webpage and was struck by your dedication and diligence.

Again, I extend my warmest congratulations on your achievements and my best wishes for a lifetime of continued success and service. I wish you good luck as you compete in the final part of the Lexus Eco Challenge.

Sincerely,

Patrick Meehan  
Member of Congress
